

Residential Roof Measurement Guide

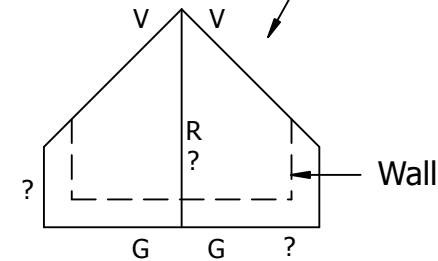

Hip Roof

Gable Roof

- ? - Need Measurement
- R- Ridge
- V- Valley
- H- Hip
- E- Eave
- G- Gable
- _ to 12 Pitch

Dormer

This is a guide to illustrate the measurement needed to accurately estimate the material required for your roofing project. The number of roof penetrations need to be noted and chimney and/or skylight locations and sizes noted if applicable. Please contact your salesman with any questions that you have about measuring.
