BUILDING ACCESSORIES

ROLL-UP DOORS

Everything you want in a metal roll-up door – durable construction, quiet operation, and long-lasting performance – you'll find with Mueller roll-up doors. Select from a wide range of sizes and designer colors to complement your building. Mounting hardware is also included.

ACCESSORIES AVAILABLE:

- Electric Roll-Up Door Opener
- Electric Operator Kit
- Radio Control Kit

WIND CERTIFIED ROLL-UP DOORS

If you live in an area with high winds, you should consider a wind-certified Mueller roll-up door. At our in-house testing facility, these doors were proven to withstand winds up to 120 mph. Our test generated a force of 37 pounds per square foot, which is equivalent to 120 mph wind.

INSULATION

R-Values represent resistance to conductive heat transfer but don't measure a product's ability to reflect radiant heat transfer. Most of a building's heat loss or gain is through radiation. Mueller locations can supply you with insulation, patching tape and net wire to give you more energy efficiency.

WALK DOORS

Walk doors can use standard, premium, heavy-duty lever locksets or panic hardware. Weatherstrip kits are recommended to give you a tighter fit and reduced air leakage and dust. You can order complete door kits, which include the door, frame kit and standard lockset. Doors are 20-gauge steel with a polystyrene core, and frames are 16-gauge steel. A slide bolt is included on the 6' x 7' door unit.

COLOR PALETTE

CHOOSE THE HUE THAT'S RIGHT FOR YOU.

Our premium metal roofing and steel building panels offer incredible versatility, durability and beauty, making them a great solution for both residential and commercial applications. With bold profiles and many color choices to choose from, you can get the look you desire while achieving outstanding structural performance.

We use a high-performance exterior coating that can deliver better performance over time and reduce your cooling and heating load. The pigments in Mueller metal roofing panels offer higher solar reflectance. As a result, they reflect infrared radiation while absorbing the same amount of visible light. This allows the panel to appear the same color as lesser-reflecting pigments, yet stay much cooler.

**No warranty available for Orange or Weathered Steel.

[‡]Galvalume[®] Plus has no uniformity of appearance guarantee. Each individual sheet, even upon delivery, may have a different color, gloss, sheen, texture or spangled appearance. If uniformity of appearance is required, a painted product is required.

Mueller, Inc. reserves the right to add or discontinue colors without notice. Please contact your sales representative, or visit our website at www.muellerinc.com for our current color selection. Printed colors may vary. Please contact us for color samples.

PAINT SYSTEMS AND WARRANTIES

BETTER TECHNOLOGY MEANS HIGHER QUALITY.

Thanks to our premium coatings, Mueller steel buildings and metal roofs will look vibrant for decades. Our innovative paint system – the best in the industry – gives you several key benefits.

- **BEAUTY.** THE CERAMIC AND INORGANIC PIGMENTS ENSURE LONG-TERM COLOR RETENTION, EVEN AFTER MANY YEARS OF WEATHERING.
- **DURABILITY.** THE STRONG RESINS IN THE PAINT FORM A TOUGH, SOLID BARRIER, PROTECTING THE PIGMENTS OVER TIME.
- **ENERGY EFFICIENCY.** SPECIAL PIGMENTS DELIVER HIGHER SOLAR REFLECTANCE, WHICH MAY REDUCE THE HEATING AND COOLING LOAD ON YOUR HOME.
- **LIMITED PAINT WARRANTIES UP TO 45 YEARS.** ENJOY ADDITIONAL PEACE OF MIND WITH INDUSTRY-LEADING FINISH WARRANTIES.

Signature® 200 and 300 colors are Cool Roof compliant through the CRRC-1 Program.
